There is an error in equation (4). The correct equation is:

$$
\begin{aligned}
G_A &= \sum_{A \to B_1 \ldots B_n \in R_A} \theta_{A \to B_1 \ldots B_n} \text{TREEDIST}_A(H_{B_1}, \ldots, H_{B_n}) \qquad (4) \\
H_A &\sim C_A(G_A)
\end{aligned}
$$

(Thanks to Julia Hockenmaier for pointing this out).
